Important Information

Account Information

Your electric bill includes the Traditional Recovery Mechanism (TRM) surcharge which was approved by the Michigan Public Service Commission to recover a portion of the costs associated with expanding our distribution system to serve former City of Detroit Public Lighting Department customers. This charge is effective for three months and will be approximately $0.67 each month for the average residential customer, using 650 watt per month.

The Power Supply Cost Recovery (PSCR) charge has decreased from 0.410 cents per kWh to 0.156 cents per kWh. PSCR reflects our actual fuel and purchased power expenses, The average residential bill will decrease by 4.65 at a result of this price reduction.

Smell rotten eggs? Call us immediately 911, and our gas leak line t 800 947 5000. Learn other gas leak warning signs at dteenergy.com/gassafety.

The average DTE Gas residential customer is expected to save $2.37 each month because of energy optimization programs over the remaining program life.

For the average Michigan residential customer, renewable energy is estimated to avoid $3.08 per month of new coal-fired generation costs.

If service is shut off, please call 18004774747 to obtain the total amount required to restore service. You must pay this past-due amount, a reconnect charge and deposit, plus any other past-due amounts that you owe before service is restored. If DTE Energy is your provider for gas and electric, the past-due amount required applies to both services. Past due amounts for electric services are $0.00 and for gas services are $0.00. If service is shut off, please call 800 477 4747 to obtain the total amount required to restore services.
